PROGRAM SUMMARY / DESCRIPTION

Please describe your project in detail. (Please be as specific and clear as possible).

- **Key objectives and expected results.** Whenever possible, we ask for quantifiable and measurable objectives and results. Qualitative measurements will also be considered. Upon completion of the program, inSIGHT requires a written summary of the project comparing stated goals and expectations against actual results.

- **Key steps** that you will take and activities that you will hold that will take to achieve the objectives of this program .

- Do materials need to be purchased for the project? If yes, please list them and how they will be used.

- If funds are being requested for staff development, please describe the intent of this request in terms of skill acquisition (teacher training) or increasing student and/or teacher knowledge base, such as traveling, attendance at events and conferences, and more.

- How will the learnings gained from the program be shared with the school system and community?

Note: on occasion inSIGHT may request attendance of educators at one of its events to share the impact of the programs inSIGHT funds.
